Re: Deficiencies in Response to NOV 99-26-2-1, Lodestar Energy Inc., Horizon Mine,
ACT/007/020-AM99E, Folder # 2, Carbon County, Utah

Dear Mr. Miller:

You should be aware that the transfer of the Horizon Mine permit to Lodestar Energy Inc., carried with it some obligations that still need to be completed. One of those obligations was in the form of Amendment 99E which was submitted to DOGM on June 18, 1999, as an abatement to NOV 99-26-2-1. The Division has now completed our review of the submittal and determined that the information is not adequate. A copy of the analysis by Sharon Falvey, Senior Reclamation Specialist, which details the additional information that is required is enclosed. Please review it carefully to verify the information that is needed. Lodestar Energy Inc., must provide the required information by no later than September 3, 1999.

If you have any questions about the requirements, please call me at (801) 538-5325, or Sharon Falvey at (801) 538-5260.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
